

5 FUN, FREE CHRISTMAS GAMES

for all the family

1-100 DICE GAME

A simple game that will turn your family into screaming, scribbling wrecks!

Everyone takes a turn to roll 2 dice. When a double is rolled, that person grabs the pen and paper and writes the numbers 1 to 100. While writing, the dice continues around the circle. When another person rolls doubles, they "steal" the paper and pen and start writing their own list of numbers by their name. The 1st person to reach 100 wins!

CANDY CANES

Place a candy cane on the table for every player except one. Deal playing cards so that each player receives an equal number. The dealer begins by drawing a card from the deck and either keeping it and discarding one from their hand or passing it on to the player on their right. When a player gets 4-of-a-kind, they must grab a candy cane from the pile, at which point everyone else must also scramble for a candy cane; the loser is the one who misses out!

CHARADES

Where have you been hiding if you've never heard of charades? The goal is to act out a word or phrase or to pantomime similar sounding words to your team members in one minute. Your team must guess the word or phrase correctly by means of the signals or clues that you provide, before time runs out! A correct answer is worth one point.

PICTIONARY

Select a judge and divide your family into teams of 3. The judge writes down words for a member of each team to draw for the others. Each team has 1 minute to draw the word on the card. If the team guesses the word correctly, they receive a point.

TWO TRUTHS AND A LIE

This game is so simple but will have your guests in fits of laughter before you know it. Each person shares three statements to the group. The goal of the game is to determine which statement is false. The group votes on which one they feel is a lie, and at the end of each round, the person reveals which one was the lie.
